

SGS/2023-24/Circular No.0001

Dear Parent,

Date: 20/03/2023

Namaskar,

Welcome to Sparsh Global School Family!

As spring heralds joy and new beginnings, we commence our partnership with you with a lot of vigour and optimism.

True to the ethos and philosophy of the school, learning at SGS is an exciting and enjoyable journey that each child undertakes at his/her own pace and style. "Evolve Beyond the Ordinary" is the mantra that leads every child to reach his/her true potential and progress every day. Beyond the mundane routines, life in SGS is all about knowledge, skills, happiness, love, laughter, peace, and empowerment. Our unique curriculum is an amalgamation of a contemporary and progressive methodology with strong ethics and values. It allows the children the freedom and flexibility to learn in an environment that fosters critical thinking and nurtures competencies.

We believe in partnering with our parents to provide a comprehensive educational experience that is exciting and inspiring. We welcome you to this partnership to work towards our common goal of ensuring the holistic development of children, empowering them to take responsibility and grow into happy, responsible individuals.

We congratulate and thank you for enrolling your child with SGS. We look forward to a great time ahead, of cooperation and collaboration to create a wonderful learning environment and solicit your cooperation to help them scale greater heights of success. Above all, to envelop them with love and affection so that they can evolve as wonderful human beings!

We would like to invite you to the formal ***Orientation Ceremony 'Aagman' on 1st April 2023***, from 10 am onwards. The detailed program plan will be shared with you soon.

Looking Forward!

Warm Regards,
Monika Randhawa
Principal
Sparsh Global School
